Questions and Answers on the Connecticut Individual Use Tax

Here are the answers to commonly-asked questions about the Connecticut use tax. Understanding the use tax provisions is important because failure to comply can result in payment of interest and penalties. You must pay the Connecticut use tax on taxable goods and services when a Connecticut merchant fails to collect Connecticut sales tax from you or when you purchase taxable goods or services for use in Connecticut from an out-of-state merchant.

1. Q. What is the use tax?

A. When you make a retail purchase in this state, you usually pay sales tax to the seller who in turn pays the tax to the Department of Revenue Services (DRS). Sometimes Connecticut sales tax is not paid to the retailer. In these situations, the purchaser must pay the use tax directly to DRS.

2. Q. On what kinds of goods or services must I pay use tax?

A. You must pay use tax on taxable tangible personal property, whether purchased or leased. Examples of taxable tangible personal property include items of clothing costing \$75 or more, automobiles, appliances, furniture, jewelry, cameras, VCRs, computers, and computer software. Some taxable services include repair services to your television, motor vehicle, or computer; landscaping services for your home; reupholstering services for your household furniture; or charges for access to on-line computer services, including charges to access the Internet. (Effective July 1, 2001, Internet access services are no longer subject to tax.)

3. Q. Are there exemptions from the use tax?

A. Yes. Some examples are items of clothing that cost less than \$75; newspapers; magazines by subscription; or repair and maintenance services to vessels.

4. Q. What is the use tax rate?

A. In general, the use tax rate for purchases of taxable goods or services is 6%. However, effective July 1, 2001, computer and data processing services are taxed at 1% (2% January 1 through June 30, 2001). Paving, painting or staining, wallpapering, roofing, siding, and exterior sheet metal work services to residential property were taxed at 2% January 1 through June 30, 2001, and are no longer taxable on or after July 1, 2001.

5. Q. What if a Connecticut retailer doesn't collect tax from me on a sale of taxable goods or services?

A. You must report the use tax liability on your Connecticut income tax return, Forms CT-1040EZ, Connecticut EZ Resident Income Tax Return, CT-1040, Connecticut Resident Income Tax Return, CT-1040NR/PY, Connecticut Nonresident or Part-Year Resident Income Tax Return, Form 2001 Telefile, Connecticut Income Tax Return, or Form OP-186, Connecticut Individual Use Tax Return, for purchases made during the preceding calendar year.

6. Q. When must individuals pay the use tax?

A. You must file your Connecticut income tax return by April 15 for the preceding calendar year. If you are not required to file a Connecticut income tax return, you must pay the use tax using Form OP-186. You may file Form OP-186 for the entire year or you may file several returns throughout the year. If the purchases are made in connection with a trade or business carried on by an individual, see Question 12.

7. Q. What if I buy taxable goods or services from an out-of-state mail-order company, television shopping channel, or computerized shopping service and no Connecticut tax is charged by the vendor?

A. If you buy goods or services for use in Connecticut, you must report the use tax liability on your Connecticut income tax return or Form OP-186 for purchases you made during the preceding calendar year.

8. Q. What if I buy taxable goods or services in another state and the vendor charges sales tax for the other state?

A. If the goods or services were purchased for use in Connecticut and the tax paid to the other state is less than the Connecticut tax, you must report and pay the use tax. Your use tax is the difference between the Connecticut tax and the tax paid to the other state. If the tax paid to the other state is equal to or more than the Connecticut tax, you owe no use tax to Connecticut.

Example: You purchased a \$1,000 refrigerator in another state, and paid a \$50 tax to that state. If you bought the refrigerator for use in Connecticut, you owe Connecticut use tax. The Connecticut tax of \$60 is reduced to \$10, after allowing \$50 credit for the tax paid to the other state. If no tax was paid to the other state, the Connecticut use tax is \$60.

9. Q. Is an out-of-state merchant misleading me if he tells me I do not need to pay Connecticut use tax?

A. Yes. While you may not have to pay sales tax in the state where you bought the goods or services, you must pay Connecticut use tax on taxable goods or services purchased for use in Connecticut.

10. Q. Do I owe Connecticut use tax on all my out-of-state purchases of taxable goods and services?

A. No. If all the items you purchased and brought into Connecticut at one time total \$25 or less, you do not have to pay Connecticut use tax. The \$25 exemption does not apply to items that are shipped or mailed to you.

11. Q. Can an out-of-state business such as a mail-order company collect Connecticut use tax on taxable goods that are mailed or delivered into Connecticut?

A. Yes. If the business is registered to collect Connecticut use tax it must collect the tax from you. If the business is not registered, then you must report and pay the tax yourself.

12. Q. Does a person engaged in a trade or business have to pay use tax on purchases made for the trade or business?

A. Yes. If the person makes taxable purchases of goods or services out-of-state for use in a trade or business (such as office furniture, computers, and supplies), that person should be registered with DRS for business use tax purposes and report purchases on Form OS-114, Sales and Use Tax Return. (See Informational Publication 2001(15), Q & A on the Connecticut Use Tax for Businesses and Professions.)

13. Q. What are the penalties and interest for not paying the use tax?

A. The penalty is 10% of the tax due. Interest is charged at the rate of 1% per month from the due date of the tax return. There are also criminal sanctions for willful failure to file a tax return.

14. Q. What are the use tax filing requirements for motor vehicles, snowmobiles, vessels, and aircraft?

A. Generally, if the item is not purchased from a retailer, the Connecticut Department of Motor Vehicles collects the use tax when you register a motor vehicle, snowmobile, or vessel. You must report the use tax liability on aircraft on your Connecticut income tax return or on Form OP-186. If you do not intend to register your motor vehicle, snowmobile, or vessel immediately after you purchase it, you must report the use tax liability for purchases made during the prior calendar year on your Connecticut income tax return or Form OP-186. If the purchase is made in connection with a trade or business carried on by an individual, see Question 12.

15. Q. On what amount should the use tax be calculated?

A. Calculate the use tax by multiplying the total cost of the taxable goods or services purchased, including separately stated charges such as shipping and handling, by the tax rate (generally 6%).
